Al Ain University Participates in 3rd Arabian Tunnelling Conference

The College of Engineering and Information Technology at Al Ain University of Science and Technology participated in the third Arab Conference on 'Expenses' which was organized by the Engineers Association under the Patronage of H.H. Sheikh Hamdan bin Rashid Al Maktoum, Deputy Ruler of Dubai, Minister of Finance and Commission Chairman, in cooperation with the International Association for Expenses in the presence of officials from governmental departments and private institutions and a group of experts and specialists in the field of infrastructure and expenses spending from the region and around the world.

During the opening ceremony of the Conference, which is held at the Grand Hyatt Hotel in Dubai, the University has been honored through its representative, Dr. Nazih Khaddaj Mallat, the Dean of the College of Engineering and Information Technology as an academic partner of

the Conference. Also, a number of faculty members from the College participated in the "Young Engineers Forum" held at the Conference so that the college students share experiences and conversations with colleagues from other universities and engineering institutions.

Dr. Nazih added that it is the University's constant concern to support scientific conferences throughout the State and to strengthen relations with the local Engineering Associations.
