## **Scientific workshop about the basic concepts of engineering in Liwa International School**

The “College of Engineering and Information Technology, CEIT” at “Al Ain University of Science and Technology, AAU” carried out a successful workshop about the basic concepts of Engineering in Liwa International School. The workshop, attended by 20 students of grades 06<sup>th</sup>, 07<sup>th</sup> and 08<sup>th</sup>, was organized and supervised by Dr. Nazih Khaddaj Mallat (CEIT Dean) and presented by Ms. Nada Masood Mirza (CEIT Instructor). She explained to the students the electrical circuits (series vs. parallel) principles in the most striking way and motivated the students by providing them hands-on experience in building the circuits in the desired and control format.

This workshop, organized during UAE Innovator Week, enforces the CEIT involvement in “Community engagement”, ensures the liaison between AAU and the future of our society “Our Young Generation” and emphasizes that AAU aims to promote the collaborative community building activities and motivating students for advancing in the field of Science and Engineering.
