A Workshop about Learning Resources from “Wiley”

In order to raise the awareness among faculty members about the modern educational tools and resources, the College of Engineering in cooperation with Khalifa Library at Al Ain University of Science Technology, Al Ain Campus, organized a workshop about “Wiley educational resources and tools”. The workshop was conducted by Mrs. Maya Zarifeh, Wiley Account Manager in the Middle East and North Africa, and it was attended by Dr. Nazih Khaddaj Mallat, Dean of the College of Engineering, Mr. Abdoulaye Kaba, Library Director, Dr. Abdullah Mansoor, Head of the Library Committee, and the faculty members of the College of Engineering in both campuses.

Mrs. Zarifeh talked about the educational resources and tools offered by Wiley for educational institutions with a special focus on a learning tool known as "WileyPlus". She also stated that Wiley is always ready for cooperation with AAU to support learning programs and specializations.

For his part, Dr. Khaddaj Mallat pointed out the importance of cooperation between Wiley and AAU which is needed in order to provide educational resources and tools.

On the other hand, Mr. Kaba stressed on the importance of online learning resources and tools offered by Wiley. He added that "These resources and tools have a positive impact on the teaching and learning process, which allows teachers and students to communicate to each other's easily".
