Fitness and Health Course Students visit Dubai Sports Conference and Exhibition

A scientific visit organized by Dr. Majed Al Saleh for Fitness and Health course students, from the College of Education, Humanities and Social Sciences, Al Ain and Abu Dhabi campuses, to Dubai Sports Conference and Exhibition, conducted by the Dubai Sports Council, under the patronage of HH Sheikh Hamdan bin Mohammed bin Rashid Al Maktoum, Crown Prince of Dubai and Chairman of the Dubai Sports Council, at Dubai Trade Center under the slogan, "Together we create the future of sports".

The students attended the conference sessions which revealed the experiences of athletes and specialists in the field of artificial intelligence, and how the UAE can benefit from the experiences and expertise of other countries in the development of sports. On the sidelines of the conference, the students met with a number of international sports stars, including Zinedine Zidane, Salgado and Seedorf, and world champions in swimming, Jiu-Jitsu, tennis, skiing and others.

The student's delegation toured the exhibition, which included 52 platforms from the largest international companies in sports technology from 36 countries. They were introduced to their latest technological innovations using artificial intelligence in various sports fields.

Dr. Al Saleh pointed out that this visit came in line with the directives of the university administration, which aims to enhance the interaction of students with the external community and the application of theoretical axes that students are studying in practice, and to learn about all the latest technology and ways to harness artificial intelligence in the service of sports and sports sciences.
