AAU ranked (1st in UAE and 4th in Arab Region) in “2022 QS Rankings by Subject- Law”

Al Ain University (AAU) is ranked by the “QS World University Ranking by Subject 2022” in “Law”, by securing the 1st in UAE, the 4th in Arab Region, and (301-340) in global rank.

AAU has been enlisted in the various classifications of QS rankings since the year 2018, and this time AAU has entered the “QS World University Rankings by subject” for the very first time in the “Narrow Subject Area for Law”, which is part of the Broad Subject Areas “Social Sciences & Management”.

The ranking is focused on subject areas, which includes 5 Broad Subjects Areas and 51 Narrow Subjects Areas. The Broad Subjects Areas include “Arts & Humanities”, “Engineering & Technology”, “Life Sciences & Medicine”, “Natural Sciences” and “Social Sciences & Management”. Each of the Broad Subjects Areas is evaluated by 5 indicators: “Academic Reputation”, “Citations per Paper”, “Employer Reputation”, “H-Index”, and “International

Research Network (IRN)”.

Dr. Noor El Deen Atatreh (AAU Chancellor), confirmed that being ranked first place in UAE demonstrates the success of Al Ain University's continuous visions and strategies in achieving impressive results.

Prof. Ghaleb Al-Refae, AAU president, pointed out that the continuous improvement achieved by Al Ain University is evidence of the academic reputation enjoyed by the university and the academic excellence through its advanced programs in undergraduate, and graduate studies, and scientific research.

Dr. Nazih Khaddaj Mallat (VP- Accreditation & QA), expressed his satisfaction with the AAU's new achievement in a more particular subject domain recognized by one of the well-reputed ranking platforms like QS and stated that this recognition reflects the bigger visionary that AAU would be working for the betterment towards the quality of education especially focusing on the subject areas.
