### About the College

Established in 2006, the College of Engineering at Al Ain University of Science and Technology is considered one of the most important colleges in the United Arab Emirates. It offers a Bachelor program to prepare graduates for careers in industrial, governmental, and teaching sectors.

The College of Engineering is focused on providing its graduates with training and skills critical to success in a real-world environment characterized by high competitiveness, increased complexity, and limited opportunities.

Our faculty is a diverse community of talented multilingual and multicultural individuals committed to excellence in education, research, and community service.

In 2016, The College of Engineering at Al Ain University of Science and Technology has obtained the international accreditation by the Accreditation Board for Engineering and Technology (ABET) in the United States.
